NEW! COVID-19 Parent/Guardian Resource

Antigen tests are a common type of COVID-19 test that provides rapid results in about 15 minutes. While antigen tests deliver fast results, they are not as reliable as other tests. The Wisconsin Department of Health Services recommends a retest in some situations. Take a look: https://www.dhs.wisconsin.gov/publications/p02830.pdf

COVID-19 Screener

SMCS has hired a COVID-19 screener. This person will be the main contact for SMCS parents to report symptoms and act as liaison with the City of Menasha and Winnebago County Health Departments to report and track cases. They will work closely with administrative assistants and principals to accurately record attendance, tracking of cases, and return to school for students.

- Please call your school office with any absences.
- Please call 920-716-7139 or email studentsafety@smcatholicschools.org to report symptoms, concerns, positive cases, exposures, etc.
