

# St. Mary Catholic Schools Matching Gift Employers

Many area businesses offer their employees the opportunity to increase their contributions by matching a percentage of their financial donations or making a donation to an organization after a certain number of community volunteer hours have been recorded.

Here is a partial list of employers who offer employee match opportunities. Please contact your employer's human resources department for details.

If you know that your employer offers this type of benefit but is not listed here, please contact the SMCS Advancement Department at 722-7796.
