

OUR COMMITMENT TO YOU

FOR THE 2020-21 SCHOOL YEAR

We will investigate all possibilities to safely return to face-to-face instruction.

The safety of our SMCS community is of paramount importance. We will continue to work with all applicable government agencies in developing safety protocols in the hopes of face-to-face instruction this fall. Measures we are working on include: rearranging physical classrooms, exploring various scheduling options and updating standard operating procedures to align with best practices in health and medicine.

We will explore all funding options to assure an SMCS education is affordable for your family.

During this difficult time, we pledge to fully utilize all of our financial resources to partner with you. Some families are experiencing unprecedented financial struggles and we do not want to deny any child a Catholic education at SMCS.

We will be creative in establishing new traditions where old ones cannot be continued.

It has been trying to watch pieces of what makes SMCS special needing to be cancelled due to social distancing. We also view this as an opportunity to create exciting new traditions for our students and community.

We will uphold our standard of academic excellence.

Whether students are in our facilities, online learning or a hybrid of the two, our commitment of providing your child a quality Catholic education is unwavering. Our teachers and staff will be trained to utilize the most up to date technology and techniques.

We will communicate as transparently as possible with our community.

Situations change rapidly in this environment and we will continue to do our best to make informed decisions and communicate promptly with our community.

St. Mary
Catholic Schools
— Grades P3-12 —

A Community Inspiring Success

Our commitment to our mission remains strong.....We will prepare and inspire SMCS students to lead meaningful lives, rooted in the teachings of Christ in our Catholic tradition.
