

Parent/Guardian Consent Form

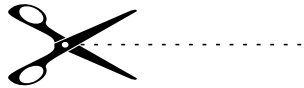

Dear Parent/Guardian

This year, students will get their own accounts on **Canva for Education**, an online design platform, to complete assignments from their teachers and work on their own creative projects. This work will only be seen by teachers, themselves, and other students.

Children under the age of 13 are protected by the **Children's Online Privacy Protection Act**, a federal law which ensures the privacy of their personal information online. As your child is under 13, we need your consent to create your child's Canva for Education account. Please sign where indicated below and return this form to the school as soon as possible.
