

FOCUS

The daCare

AN EDUCATION PROGRAM FOR YOUTH TO PREVENT INJURY AND SAVE LIVES.

DEAR PARENTS/GUARDIANS:

For more than two decades, the Trauma Center at ThedaCare Regional Medical Center-Neenah, with funding from the ThedaCare Family of Foundations and community support, has hosted a program aiming to empower students to make safe choices by shedding light on the dangers of risky driving behaviors and their often life-changing outcomes.

The collaborative effort brings together medical professionals such as area fire fighters, law enforcement, emergency medical technicians and also crash and injury survivors. These individuals share their stories and put a face to statistics.

Special Parent Program

We know that parents play a vital role in their teen's safety. We are offering a special opportunity for parents to hear from local law enforcement and community professionals and then attend one of the four identical FOCUS programs.

The free parent program will feature a presentation of "Parents are the Key." It will outline proven steps and tools for reducing teen driving injuries and deaths and will offer tips to discuss the program with your teen.

Note: You do not need to attend the same program as your teen. All grade parents / guardians are welcome at the Parent Program.

When: Wednesday, October 11th – 8:30am
Wednesday, October 11th – 11:45am
Thursday, October 12th – 8:00am
Thursday, October 12th – 11:15am

Where: Fox Cities Performing Arts Center
400 West College Avenue
Appleton WI 54911

Parking information: \$2-5.00/day Green Ramp
