Important Announcement Food Service

This school year, Food Service has changed to Power Lunch for cafeteria software. This program is linked to PowerSchool. The advantage of this program is that parents can now go into their child's PowerSchool account to check on lunch balances and transactions.

A letter is being sent home with your student/s within the next few weeks with detailed instructions on how to set up their PowerSchool account. We ask that all parents take the time to establish an account and follow the instructions closely so we can keep you posted on lunch balances. "Balance Alert" needs to be checked off on the email notifications tab for low lunch alerts to be emailed to you.

Please contact Anne Greif at 967-0107 with any questions. Thanks for making the transition run smoothly and have a great school year!
