

If picking students up by car, please enter the "In" driveway and stay in line until you exit the "Out" driveway. Students will come to the cars when the car is near the front entrance.

If you are entering the building, please park in the section marked Parent Parking. When you leave the parent parking area, please exit out the south driveway onto Green Bay Road.

If you have neighbors and grandparents dropping off or picking up your children, please share this information with them. We need everyone's cooperation.

Green Bay Road
