Based on the celebrated novel by Daniel Wallace and the acclaimed film directed by Tim Burton, BIG FISH tells the story of Edward Bloom, a traveling salesman who lives life to its fullest...and then some! Edward's incredible, larger-than-life stories thrill everyone around him-most of all, his devoted wife Sandra. But their son Will, about to have a child of his own, is determined to find the truth behind his father's epic tales. Overflowing with heart and humor, BIG FISH is an extraordinary musical that reminds us why we love going to the theatre-for an experience that's richer, funnier and bigger than life itself.

Incident Reporting System

The Diocese of Green Bay Office of Safe Environment has implemented a web-based incident reporting tool called Awareity. Awareity is a comprehensive platform for reporting, tracking, and documenting incidents and concerns such as: sexual abuse of a minor (**if this is currently taking place, immediately call 911 to report**), harassment, boundary issues, threats of violence, and concerning behavior by clergy, staff, or volunteers. Awareity empowers all community members to be heard and to safely report warning signs and trouble.

All reports can be submitted by using your name or remaining anonymous if you choose. As soon as a report is made, all of the appropriate personnel will receive an immediate notification of the report, review the report information and take appropriate actions to intervene and/or prevent escalation.

By working together, we can help prevent incidents from occurring and ensure a safe and secure school environment. The goal of Awareity is prevention and to help identify red flags and warning signs before an incident occurs or escalates.

You can get to the Awareity site through the [Green Bay Diocese website](#) or our [SMCS website](#).
