A Community Inspiring Success

Jesus, during Your ministry on earth, You showed Your power and caring by healing people of all ages and stations of life from physical, mental, and spiritual ailments. Be present now to people who need Your loving touch because of COVID-19. May they feel Your power of healing through the care of doctors and nurses.

Take away the fear, anxiety, and feelings of isolation from people receiving treatment or under quarantine. Give them a sense of purpose in pursuing health and protecting others from exposure to the disease.

Protect their families and friends and bring peace to all who love them.

Our system website is regularly updated with COVID-19 information at: <https://smcatholicschools.org/covid-19-updates/> as well as several updates on our Facebook page at: <https://www.facebook.com/smcatholicschools/>

SMCHS Alumni Mentoring Program

We continue to match our current students through our SMCHS Alumni Mentoring Program. This program was established to promote career awareness with our high school students. The main goal is to allow juniors and seniors to make a connection with an SMCHS alumni who is currently employed in the career field that the student is interested in exploring.

Through this mentorship process, the student gains an awareness of what it takes to become successful in the identified field. The alumni advises and guides the student through career exploration and sharing personal experiences with obstacles and successes that they themselves have experienced.
