St. Mary Catholic Schools to host STEM fly-in for youth on July 23

Youth can explore flight through hands-on activities at annual aviation educational event

NEENAH, Wis. (June 23, 2021) – St. Mary Catholic Schools (SMCS) will host its fourth annual SMCS STEM Club Fly-In, “Up, Up and Away,” from 9 a.m.-Noon on July 23, 2021, at Zephyr Fields at SMCS, 1050 Zephyr Dr., Neenah.

Open to students from grades 1 through 8, this year’s aviation educational event features a morning of exploring the world of flight through engaging, age-focused lessons and a variety of hands-on aviation activities.

Attendees will learn how airplanes fly, and each attendee will receive a foam glider and control surface kit to explore the mechanics of flight. There will also be drones available to fly and model rockets to launch at the event.

The event is hosted by the SMCS STEM Club, which aims to encourage STEM education and promote aviation education to students.

Additional information and registration for the 2021 SMCS STEM Club Fly-In is available at www.tcces.ejoinme.org/MyPages/SMCSSTEMClubFlyIn2021.

###

St. Mary Catholic Schools ([SMCS](#)) serves more than 900 students in grades preschool-12 at five campuses – St. Mary Catholic High School and St. Mary Catholic Middle School in the Village of Fox Crossing, Wisconsin, and St. Mary Catholic Elementary Schools (St. Gabriel and St. Margaret Mary in Neenah, Wisconsin, and St. Mary in Menasha, Wisconsin). SMCS is dedicated to preparing and inspiring students to lead meaningful lives, rooted in the teachings of Christ in our Catholic tradition.
