[Search for local retailers, higher bonus retailers, and spring sale retailers to earn more \\$\\$\\$](#)

1. Click on the SEARCH SYMBOL at top, right of the screen.

2. The search bar will open and you can type in the retailer name, or “sale” or “higher” along with the retailer name.

Kwik Trip Tip: for a higher return on Kwik Trip, type “Kwik” and “dollar amount”. These local, higher bonus cards are available in \$20, \$50, \$100, \$200, and \$500 and offer a higher rebate. You will know you have the higher bonus if the option does not have a company logo and the rebate is 5% or higher. The national Kwik Star and Kwik Trip only offer 4% rebate.

3. A drop box will appear. Select your retailer and amount then choose your quantity.

Another way to know you are choosing a “local” retailer; local options do not have a company logo.

Happy Scrip shopping!
